

The Ultimate Cruise for Singles

If you're itching for an epic singles cruise in paradise this summer, here's a look at an ultimate cruise of the Greek Islands for singles. This particular cruise ventures into Turkey and offers tours that take you back to medieval and ancient times. It's a 7-night adventure, but there are optional pre-cruise and post-cruise packages if you want it to last even longer.

How the Greek Island Summer Singles Cruise 2021 Delivers Everything Singles Want

The Greek Island Summer Singles Cruise from July 3 – July 10 is the ultimate cruise for singles, especially if you go back to back with the Isle of Crete Rendezvous (beginning July 13) and tack on the optional pre-cruise or post-packages.

This is an all-inclusive cruise that takes you to islands you don't typically see on a cruise itinerary so that you can get a more intimate experience of the culture. You'll climb aboard the Celestial Crystal to travel to six ports, staying overnight on the island of Mykonos.

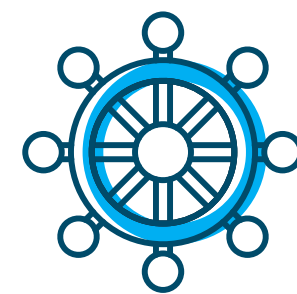

Get Acquainted Early and Spend Some Extra Time in Athens

Since you begin in Athens, you'll want to explore there as much as you can before boarding. For some help, you can select the pre-cruise package, which includes a shared or single room at the Wyndham Grand. This package allows you to meet your fellow singles sooner and have a smoother start to your trip with meals provided.

Get Gothic and Medieval in Rhodes, Greece

Rhodes will take you to both ancient and medieval times at once. You and your fellow singles will have plenty of time to explore the Gothic architecture at your leisure after the bus-tour.

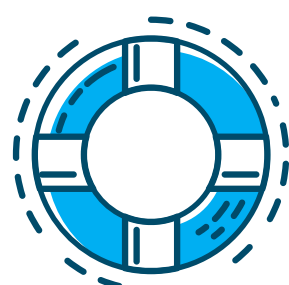

Explore Crete in the Town of Agios Nikolaos, Greece

Crete is not like most of the smaller Greek Islands. Crete is a large island with its own brand of Greek history and culture. A lot of travelers either get to experience Crete without experiencing the rest of Greece or forgo Crete entirely to see many other parts of Greece.

See the Stunning Sunsets in Santorini

You get to spend an extended amount of time on this island, which is a desirable aspect of a cruise within the Aegean Sea. If there's a Greek Island people never want to leave, it's Santorini. Its beauty is simply spectacular. Everyone, including the locals, step outside to watch the sunset with a glass of wine in hand.

Get a More Exclusive Experience in Milos

Milos is known for its unpretentious charm. This is an island Athenians are more likely to visit on their holiday than Santorini or Mykonos because it's less saturated with tourists. This is a really special aspect of this cruise. Milos has the same volcanic-based beauty to offer as Mykonos and Santorini, but it isn't as popular of a destination.

Enjoy the Nightlife (and Stay Overnight) in Mykonos

Mykonos is the perfect final destination before departing back to Athens. Mykonos is famously the liveliest Greek island or the party island. It's the perfect way to bring your singles trip to its climax. Mykonos is every bit as beautiful as the other islands but far more vivacious in a number of ways.
